

Thunder

Specification

Display	: 1" high 6 digits LED type
Display Resolution	: 1 part in 15,000
Internal Resolution	: 1 part in 500,000
Display Increment Size	: 1, 2, 5, 10
Decimal Point	: 0 to 4 places
Sensitivity	: 0.5 micro volts per increment minimum
Input Signal Range	: 0 to 20 mV
Load Cell Excitation	: 5 Vdc up to 4x350 ohm load cells
Operating Temperature	: -10 to +40 degrees C
Data output	: Two channel RS-232 ports
Power Requirement	: 220 Vac 50-60 Hz
Dimensions	: 122mm x 180mm x 70mm
Calibration	: front panel digital calibration zero and span

****Auto zero maintenance and motion detection****

Thunder

Digital weight indicator

Feature

Suitable for bench scale and floor scale application.
Hi-Bright Red display. RS-232 communication.
